with Harley Bress

Thursdays, 6-8pm, February 1 - April 12
Register by: Thursday, Jan. 25
Nine 2-hour sessions, non-credit
Cost: $45 (plus $10 book fee paid to instructor)

This workshop is designed for the beginning or intermediate bridge player. Bridge is an elegant game of strategy and tactics - part science, part math, part logic, part reason - mixed with a very human component. This mix of skills sets bridge apart from other card games and from board games like chess. A successful bridge player must be a great partner. Bridge is a social game. Come try it out!

Harley Bress has been playing and teaching bridge for close to 25 years and is a Gold Life Master based on participation in tournaments around the country.
