Get started with crochet in this course. Students will learn the basics skills of crocheting beginning with the chain stitch and advancing to stitches like single crochet, half-double crochet and double crochet. Students will learn to read crochet patterns while completing projects like dishcloths, hand warmers, granny squares for bigger projects and a hat. This course is for complete beginners.

Caroline Brown is a an avid crocheter who has taught many people to crochet, even people who are left-handed. She regularly sells her wares at local craft fairs.
