Join the dynamic team at UAF Northwest Campus!

We’re accepting applications for the Program Development Specialist position, a job that involves organizing courses & trainings for the Bering Strait region, focusing on communities outside of Nome, coordinating with partner entities in our region, finding and working with instructors — making higher education happen in our region!

*******************

**JOB:** Program Development Specialist  
**STATUS:** 37.5 hours per week/11-month position, with full benefits including tuition waivers.  
**DETAILS & HOW TO APPLY:** [https://careers.alaska.edu/en-us/job/513597/program-development-specialist](https://careers.alaska.edu/en-us/job/513597/program-development-specialist)  
**OPEN UNTIL filled. NEXT REVIEW DATE:** January 14, 2020

This position requires a blend of creativity and working knowledge of the region and its communities to be effective and is key to the success of our campus in meeting the community college mission. Responsibilities include village academic and vocational program development, partnership development, and working with regional community representatives to identify community needs in order to develop programs or courses to address those needs. The job’s focus is coordinating courses and trainings for communities in the Bering Strait region outside of Nome.
